

# F I N S

Est.1991

The list at Fins is of great colour and heart, much like Steven Snow's internationally influenced cuisine.

Sustainability: the understanding of what each producer practices in both the vineyard and winery is of great importance to us.

We feel the certification process is not the be all and end all of sustainability. Each wine listed here has had questions asked of its creator.

Every bottle at Fins represents the blood, sweat and tears of dedicated winemakers and vigneron globally, for without them this story would not be possible.

## THE DOURO BOYS

Portugal is one of the most exciting wine countries on the planet today, thanks in large part to the 'Douro Boys'. The 'Douro Boys' are a group of five wine estates and wine makers. Steven has cooked on numerous occasions at Quinta do Vallado and Quinta do Vale Meão.

Since 2003 they have been working with united efforts, organising joint presentations, seminars and tastings; all concentrated upon relating the story of their heritage. Their wines are unquestionably considered to be among the best in all of Portugal.

Grown on organic ancient terraces, the soil is schist; a type of slate. This showcases the beautiful structure and minerality within the wines. Characters of blueberry, bitumen, violet, liquorice, meats, spices, spring to mind when tasting a Douro red.

D.O.C. Douro Valley is split into 3 major sub regions; Douro Superior, Baixo Corgo & Cima Corgo, with Rio Torto & Gouvinhas not to be forgotten. Quinta translates to wine farm. These are located in certain parts of the Douro Valley, however grapes may be sourced from all 3 sub regions. In this case the word Quinta cannot be mentioned. The Tinta Roriz, Tinta Barroca, Tinto Cão, Touriga Nacional & Touriga Franca varieties predominate
